Fall 2018

Dear parent or guardian,

Your student is invited to enroll in an introductory engineering course offered by the University of Arizona at their high school. Engineering 102 in High School (ENGR 102 HS) is designed for juniors and seniors enrolled in Pre-Calculus or above. Upon successful completion of the course, students who enroll in ENGR 102 HS earn 3 units of university credit.

The Fall 2018 non-degree seeking admissions and registration deadline for ENGR 102 HS is Sept. 4, 2018 and the tuition payment deadline is Sept. 21, 2018.

In order to receive credit for the course, your student will be required to complete the following 3 steps:

1. Fill out the attached consent form (page 2), and return to your ENGR 102 HS teacher.

2. Application and Registration: Apply online for Fall 2018, non-degree seeking admissions to the University of Arizona. Admissions fee is waived. Access the application via the link below. **Application and registration deadline is Sept. 4, 2018.**

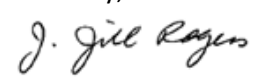

3. Pay tuition of \$495 for 3 units, due Sept. 21, 2018. Please note this tuition charge has been reduced from the standard rate by more than 75% through scholarship support offered by the College of Engineering. Payment can be made by check (received before Sept. 21, 2018) or by credit card. Credit card payments require you to set up a student account using your student ID and pin (will be received from admissions after student has been enrolled in the course). Please note that fees for late payment will apply. Registered students not paid in full by Nov. 12, 2018 will be automatically dropped.

Further information and links for application, registration and payment can be found at the ENGR 102 HS webpage:

<http://www.engineering.arizona.edu/102hs-registration>

If you have questions about Registration and Payment please contact Lori Huggins: 520.626.9858 or email lhuggins@email.arizona.edu. For general questions about the ENGR 102 HS program, please contact Jill Rogers, her contact information is below.

Sincerely,

J. Jill Rogers
